

The Shareable vCard (SaaS) Presentation

Unlocking Sustainable Funding for Nonprofits

DRIVING HUMAN CONNECTIONS

Powered by: The Be Remarkable Group of Companies

The Problem: Nonprofits need cost-effective, digital-first solutions to drive engagements.

Donors need a new way to enhance their impact on the nonprofits they already support while ensuring them long-term financial sustainability.

- Nonprofits struggle with sustainable fundraising models
- Traditional networking tools lack efficiency, accessibility and trackability
- High donor attrition makes retention a persistent challenge

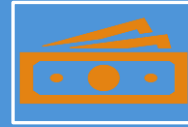

The Solution: Customized Shareable vCards

A cost-free solution for nonprofits that saves time, increases donations, and strengthens donor connections.

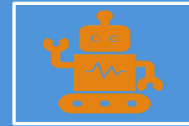

A WHITE LABEL, CUSTOM BRANDED SHAREABLE
(SAAS) PLATFORM AT NO COST TO NONPROFITS:

A fundraising tool that helps nonprofits generate new recurring donations.

Enhances donor engagement, streamlines networking, and builds long-term support.

Reduces operational costs by automating lead capture, donor follow-ups, and contact tracking.

We Provide Technology Based Solutions

vCard Platform –Custom built for nonprofits to drive networking, fundraising, and donor engagement

Tap & Go (NFC) Devices –Enhancing real-time contactless lead capture and donor engagement

CRM Integration & Analytics –Track donor interactions, optimize campaigns and improve relationships retention

Subscription Based Model –Providing nonprofits with a scalable, low-cost digital solution

The Market Opportunity

Let's support select nonprofits with a solution that increases donations, efficiencies, and donor retention.

Nonprofits need solutions that drive both **mission impact and financial sustainability.**
Our platform delivers both.

Digital business card market growing at 8.81% CAGR – Increased demand for smart networking solutions

How Shareables Work

Non-governmental nonprofits receive a customized Shareable vCard platform.

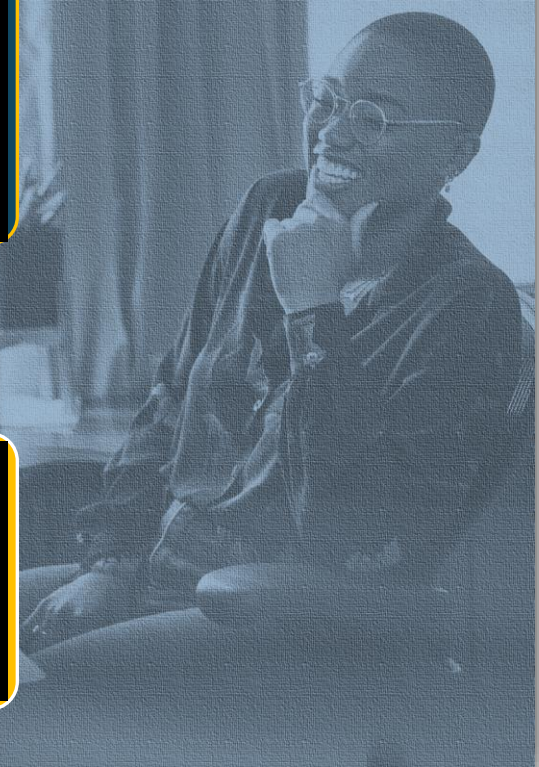

Staff and supporters create Shareable vCards under the nonprofit's brand.

Every vCard shared captures donor information & prompts donations.

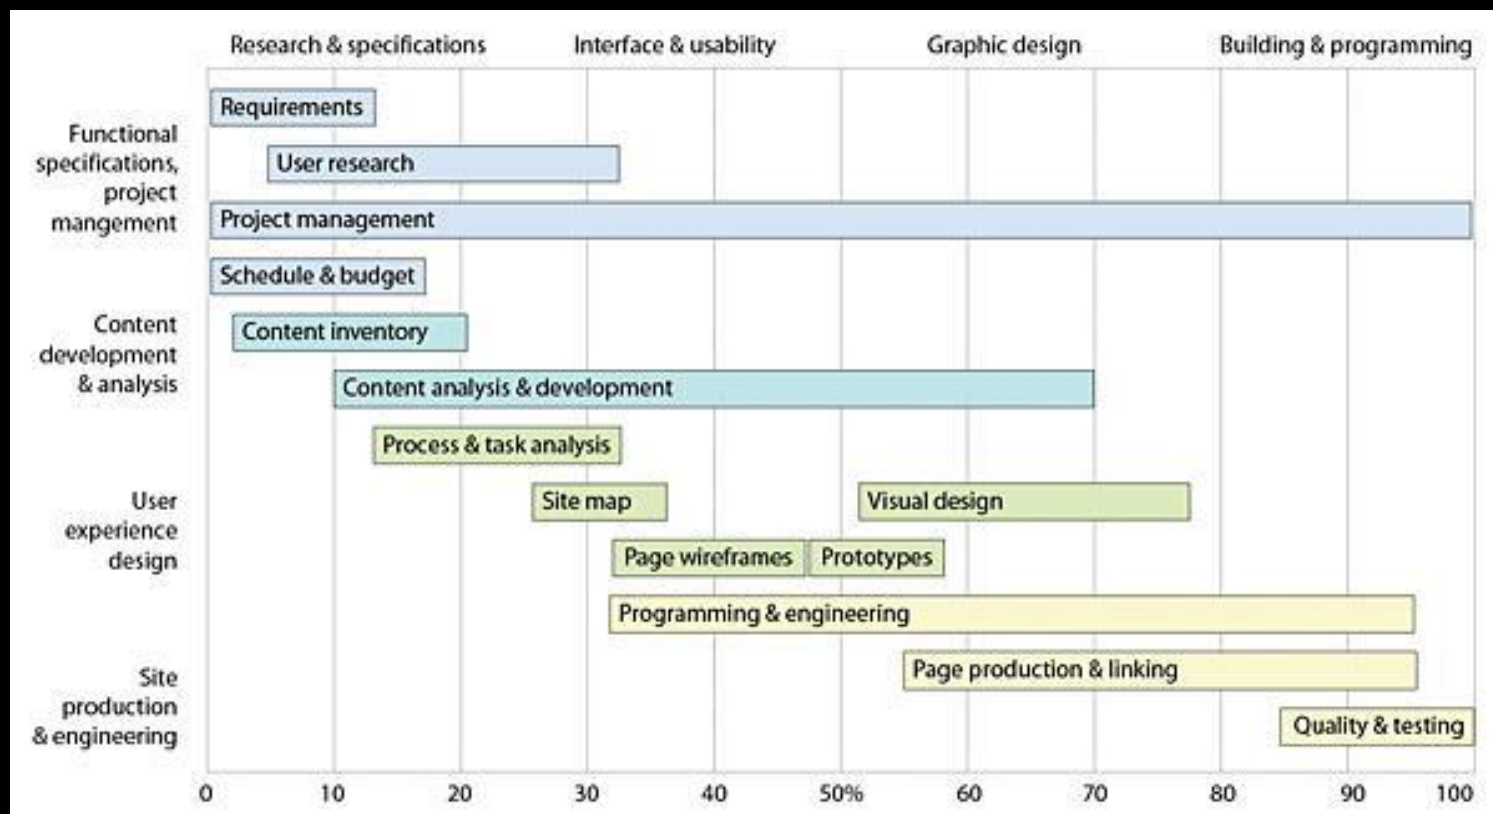

Nonprofits generate recurring donations via subscriptions and Tap and Go products.

Paper Cards vs. Shareable vCards

Feature	*Paper Cards*	*Shareable vCards*
• Cost*	\$0.10–\$2 per card + recurring reprints.	\$0–\$2.00/month (one-time or subscription).
• Updates*	Impossible without reprinting.	Instant, global updates.
• Analytics*	None.	Track views, clicks, and engagement.
• Eco-Friendliness*	High waste, carbon footprint.	Zero waste, sustainable.
• Security*	Easily lost or stolen.	Password protection, encryption.
• Multimedia*	Text and static images only.	Videos, links, AR, and interactive content.

The Process

The New Profit Center

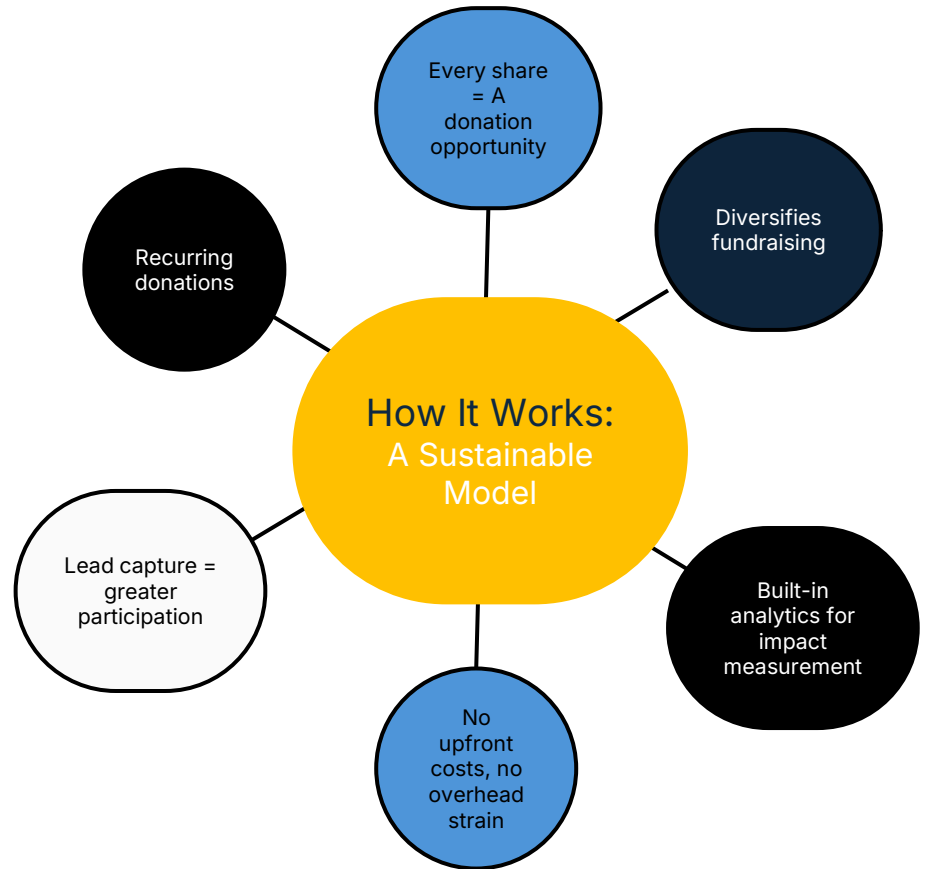

A Real Game Changer
For Nonprofit
Sustainability

Shareable vCards: Cost Savings with New Built-in Donation Generation

For too long, nonprofits have been solely dependent on grants, donations, and fundraisers—a model that can be unpredictable and unsustainable.

With the Shareable vCard platform, we're helping to redefine nonprofit financial sustainability by creating a built-in, automated donation center.

NFC technology is commonly used for contactless payments, access control, and data sharing, such as in mobile wallets, and smart tags.

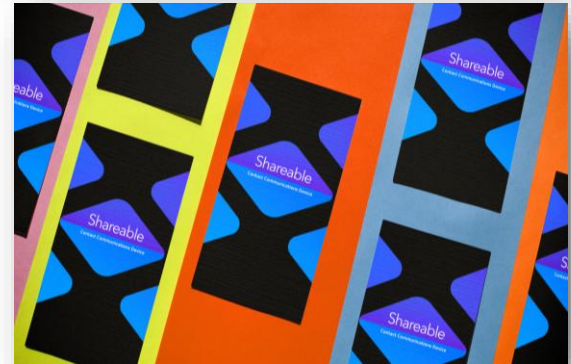

100% Customizable - Earth-friendly
| Universally Compatible | No App Needed

NFCs (Near Frequency Communications) are like QR codes, only faster and more secure, they operate at 13.56 MHz and based on RFID (Radio Frequency Identification) technology, offering secure, fast, and convenient interactions., fast, and convenient interactions.

The Tap and Go (NFC) market is poised for exponential growth, driven by digital transformation, sustainability trends, and technological advancements.

Best of all, the information you want to share can be easily updated when linked to your secured Shareable vCard, and only visible to those you want to share your information with.

The Model:

How Nonprofits Generate Operational Capital

Branded Shareable Subscriptions

Members /Donors become Shareable vCard subscribers at a fixed annual fee for access to the nonprofits branded vCards

- Recurring operational capital from annual subscription new users and renewals

Branded Tap & Go Devices

Nonprofits distribute branded NFC-enabled cards & accessories in exchange for monthly donations

- Each device embeds fundraising capabilities, driving passive donations

Simply tap your phone to the sticker

Small programmable phone stickers
